Directorate of Higher Education,
Himachal Pradesh

Dated : Shimla -170001 the 22nd December, 2014

To

The Principals,
Govt. Sen. Sec. Schools (Vocational),
Himachal Pradesh

Subject: Regarding use of computer Labs for the practicals of Vocational Education under NSQF.

Memo;

As you know that Vocational Education has been introduced in 200 GSSS of the state in 7 different subjects. 21500 students have been enrolled in these courses during the current session. The use of computer & internet is essential for all the Vocational courses.

It has come into the notice of the under signed that most of the computer labs viz. ICT, IT, MMC, CAL, Labs are presently non-functional in many schools and the hardware is out of order. It is pertinent to mention here that all these labs have been functioning till last year. Most of the Principals have shown their inability to make these labs functional due to lack of budget/funds.

Keeping in view the above now it has been decided to make all these computer labs functional in all the 200 vocational schools with immediate effect. The expenditure incurred for the repair & maintenance of hardware & provision of broadband internet connection will be borne out of the Vocational Education budget provided under the head office expenses/contingency by RMSA. All these computer labs will be made available for the practicals of Vocational Education students as & when required. However these labs will be frequently open for all the students and teachers of the school as per requirement.

Therefore, you are directed to take immediate action to make all these labs functional and ATR be submitted to the undersigned within a week positively. Any violation in this regard will be viewed seriously and action will be initiated against the defaulters.

Subject: - Clarification regarding Industrial Visit.

This is with reference to the subject cited above. It has come into the notice of the undersigned that a lot of confusion is being created regarding Industrial visit and Guest lecturers in the schools. In this connection it is clarified that the Industrial visit means the visit of students to the Industry/work station related to their job role/ sector where they have worked physically and done hand on practice related to their practicals. The field visit means only visit of a place/ institution related to their subject. Therefore you are hereby directed to follow these instructions in letter and spirit while submitting your data to RMSA. Any violation in this regard will be viewed seriously.

You are also directed to submit the utilization certification for the expenditure occurred during the year 2013-14 with a week positively to this office.

Subject: Regarding utilization of Budget/Funds under Vocational Education.

Memo,

This is in continuation to this office letter no even dated 9.10.12 regarding above cited subject.

In this connection it is clarified that the provision of budget made for contingencies & raw material can also be utilized for purchasing of stationery, charts, models, pencils, sketch pen, eraser, practical note books, scrap books, maps etc. and all other articles/items related to practicals of students as per requirement.

Therefore, you are directed to provide these items to the vocational students out of Vocational Education Budget/Funds free of cost. These instructions should be followed strictly. However a separate stock register should be maintained for consumable articles/ raw material in each school separately for each vocational subject.
