Subject: Inviting nominations from your state for the 2nd edition of Dr. A.P.J. Abdul Kalam Awards for Innovation in Governance

Respected Sir,

Greetings!

Let me first take the privilege of introducing the Dr. A.P.J. Abdul Kalam Centre for Creating Livable Planet and Sustainable Development. The Centre aims to create and implement mission-mode projects along with the mission and vision of Dr. A.P.J. Abdul Kalam (1931-2015), the 11th President of India. It aims to promote innovations, especially in governance and social enterprises, improve youth participation in national and international development and improve access to education and knowledge in all strata of the society. The Centre stands to take forward the dreams of Dr. Kalam, which he left behind for the nation and world – right up to his very final moment, when I was personally present with him at IIM Shillong.

The Centre organized the two International Youth Conclave on Liveable Planet as an annual summit with top thinkers from around the world and young selected delegates who discuss and evolve ideas for a sustainable planet.

On 15th of October 2016, which marked the 85th birth anniversary of Dr. A.P.J. Abdul Kalam; the Centre celebrated the occasion by organizing India's first of its kind award on innovations in governance space – under the banner of Dr. Kalam Innovation in Governance Awards or KIGA.

This summit and award was a step in the direction of exploring how can be the cutting-edge technology, 21st century management and out-of-box thinking, transform the role and impact of governance in India and across the world. Over 60 senior bureaucrats, police officers, administrators and business body leaders participated in this summit and shared their views on improving governance and administration with the audience.
