D.O. No.F. 27-18/2019-IS-9(Pt.3)

Shastri Bhawan, New Delhi,
Dated 15th October, 2021

Respected Ma'am/Sir,

The unprecedented COVID pandemic has reinforced the necessity of adequate and well maintained WASH infrastructure and practices in schools. Both Individual and collective adherence, as well as the role of school community are inevitable to achieve and sustain improved health and educational outcomes for children.

The theme for 2021's Global Handwashing Day on 15th October 2021, is "Our Future is at Hand – Let's Move Forward Together". It aims to mobilize this potential, and bring about awareness on hand hygiene as a fundamental component of public health and safety, especially in view of the COVID-19 pandemic. In this regard, all States and UTs have been requested to highlight the importance of hand washing as a means to a safer today and tomorrow, through their schools vide letter dated 8th October 2021.

On this occasion, Ministry of Education has released the revised SOP for Sustaining Water, Sanitation and Hygiene in Schools (WASH)– Including Guidelines for Swachhta Action Plan under Samagra Shiksha, incorporating WASH practices in view of COVID-19 pandemic.

You are requested to ask all schools and institutions in your state/UT to follow the SOP to provide well maintained WASH infrastructure and practices in schools.

With regards,

Yours sincerely,

Maneesh
(Maneesh Garg)
