## NAVODAYA VIDYALAYA SAMITE

Department of School Education & Literacy Ministry of Education, Govt. of India

DO. NO. 1-16/2024-NVS (Exam.)/Vol.II/. 1.20

Shei Laketh Kanwas ji,

Greetings from Navodaya Vidyalaya Samiti. The Government of India has established coeducational residential schools, named as Jawahar Navodaya Vidyalayas in each District of the country. These schools are catering to the academic needs of talented children, predominantly from the rural areas. Accordingly, 661 Jawahar Navodaya Vidyalayas have been sanctioned across the country excluding the State of Tamil Nadu. These Vidyalayas provide education from Class VI to XII, including board& lodging free of cost for all students of JNVs. Admission to these Vidyalayas is made at the level of Class VI through an all India level Jawahar Navodaya Vidyalaya Selection Test (JNVST) conducted district wise, every year. The admission to class IX & XI are also made through the selection test against the vacant seats, if any.

NVS is dedicated to strengthen gender equality in education across the country, at the same time willing to run an extra mile to facilitate the national initiative to encourage girl child education. The Jawahar Navodaya Vidyalaya Selection Test (JNVST) plays a crucial role in shaping the futures of many young minds nationwide.

Each year NVS conducts Entrance test for Admission in Class VI in which approximately 25 lakh students register across India, NVS religiously examines the trend of registration, appearance and final selection, in this exercise one flag feature is to monitor the registration, attendance in test and final selection of girls in each state. During this exercise the following came to our attention in respect of State of Himachal Pradesh.

ı	Registere	d		Appeared	<u> </u>	Selected			
Boy	Girl Total		Boy Girl		Total	Total Boy		Total	
18497	18104	36601	15287	15062	30369	486	394	880	

(District wise details of registered, appeared and selected candidates are enclosed at Annexure - I. Accordingly, the participation of girls during registration, appearance and final selection is 49.46%, 49.63% & 44.77% respectively. Further, the details of cut off marks and performance of candidates in various sections of the test (Mental Ability, Arithmetic and Language) is also enclosed at Annexure - II & III.)

It's obvious from the data above that large number of girls did not participate in the selection test even after having registered, further while analysing the data it has been observed that only 44.77% of girls got selected in spite of 33% reservation for girls, which is far less than many states having around 50% selection of girls. On further analysis, it was found that the girls have done fairly good in Mental Ability as well as the Language component of the selection test but not in Arithmetic. Notably, in 03 out of 12 districts in the state, girls' selection rates are below 40%. In our considered opinion, if efforts could be made to enhance registration, appearance and also Arithmetic ability of the girl candidates then certainly the results will improve to a great extent.

With the upcoming JNVST-2025 scheduled for January 18, 2025 (For Summer Bound JNVs) and April 12, 2025 (For Winter Bound JNVs) in Himachal Pradesh, we are seeking your support to implement initiatives aimed at enhancing the registration, participation and selection of girl students. We kindly request that necessary instructions be issued to field functionaries to conduct extensive awareness campaigns in rural and remote areas. These campaigns may emphasize the importance of girls' education and highlight the opportunities available through NVS.

Additionally, we propose organizing of counselling sessions for parents and guardians to address any concerns they may have and to encourage their support for girl education. Preparation workshops for girl students may also be considered to provide them with the guidance and resources needed to excel in the JNVST with support of JNV in concerned district.

As, our goal for JNVST-2025 is to increase girls' participation and selection to above 50%. We believe that with collaborative efforts between NVS and the State Education Department, we can create a more inclusive and equitable academic environment for girl students to thrive academically. I look forward towards taking significant steps towards empowering the girl child and building a brighter future for our nation.

Regards

Vinayak Garg)
