Subject: - **Awareness regarding National Education Policy, 2020 (NEP-2020).**

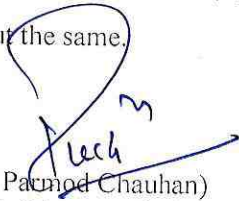

The National Education Policy, 2020 (NEP-2020) prepared after an exhaustive process of consultation/deliberation/suggestion has been approved by the Union Cabinet on July 29, 2020 and Government of India has decided to implement the same. Himachal Pradesh Government on dated: 08.09.2020 has also announced that the National Education Policy, 2020 will be implemented in the state with immediate effect. State Government has also constituted/notified the State Task Force for the effective implementation of the policy. The New National Education Policy, 2020 (NEP-2020) replaces the 34-years old National Policy on Education framed in 1986 /1992 and is aimed at paving the way for transformational reforms in the School and Higher Education Sector to make India global knowledge superpower.

For effective implementation of the new National Education Policy, 2020 (NEP-2020) it is necessary to create awareness regarding the policy. It is expected that all the teachers, students, staff, parents and stakeholders know the vision, intent, spirit, provisions, highlights and implications of the policy so that the policy can be implemented effectively to bring the desired transformational changes in the sector of education in the larger interest of the nation.

You are, therefore advised to create awareness regarding the National Education Policy, 2020 (NEP-2020) among teachers, students, officials, parents, communities and other stakeholders in the School and Higher Education Systems by initiating discussion, debate, organizing webinars, seminars and various kinds of online and offline activities in this regard.

Education is fundamental for achieving full human potential, developing an equitable and just society and promoting national development. In order to get the desired results and achieve the goals, after bringing out best education policy, the second step is to create awareness about the same.

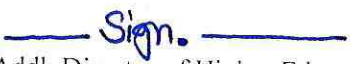

This may be treated as urgent.
