Table 1. Baseline information of educational facilities in a District

Table 1. Baseline information of educational facilities in a District							
Name of District:							
Total Number of enrolled students	Male :		Female :	Average Number Of Students	Average Number Of Teachers		
Type of facilities	Number			Public Schools		Public Schools	
Educational Facilities	Govt	Govt. Funded Education Facilities	Total	Male	Female	Male	Female
Pre-Primary School							
Primary School							
Secondary School							
College							
Training Institutes							
Vocational Institute							
Others							
TOTAL							

Table 2. Baseline information of three categories of damages i.e. Replacement and Major and Minor Repair of educational facilities in a District

Name of District:			
Particulars	Values (in Rs.)		
	RCC	Masonry	Others
Average Replacement Cost of :			
Structures			
Roof per Square Meter			
Wall per Square Meter			
Floor per Square Meter			
Average Cost of Major Repair:			
Structures			
Roof per Square Meter			
Wall per Square Meter			
Floor per Square Meter			
Average Cost of Minor Repair:			
Structures			
Roof per Square Meter			
Wall per Square Meter			
Floor per Square Meter			
Construction/Repair Period			
	In days		
Average Construction Period			
Average Repair Period			

Notes for filling Tables 1 and 2

- Other types of educational facilities like public libraries should be included.
- Replacement costs can be estimated by the considering the acquisition or construction costs less the depreciation of the assets.
- The average construction period refers to the number of days for a new building to be erected.
- The average repair period refers to the number of days required for the repair of the structures/buildings. This can be based on past experiences.

Table 5. Summary of damages in the education sector in a District

Name of District:							
Number of Affected Students		Male	Female			Total	
ESTIMATED DAMAGES							
Types of Assets	Total Damages (Rs)	Types of Damages					
		Totally Destroyed (Damages above 70%)		Severely Damaged (Damages between 30% to 70%)		Partially Damaged (Damages below 30%)	
		Number of Public Schools	Total (Rs)	Number of Public Schools	Total (Rs)	Number of Public Schools	Total (Rs)
T		A	B	C	D	E	F
Structures							
Pre-Primary School							
Primary School							
Secondary School							
College							
Training Institute							
Vocational Institute							
Others							
TOTAL							
TOTAL DAMAGES							

The damages in the above table are the summary of those that were assessed and interviewed.

List of individual educational facilities must be annexed to support the above data for example:
