All the Principals,  
Govt. Degree/Skt./Private/GIA Colleges,  
Himachal Pradesh.

Subject:- Regarding implementation of National Education Policy(NEP-2020).

As you are aware that Govt. of India has given its approval to implement the National Education Policy,2020 and Himachal Govt. has also decided to implement the same in our state. The implementation of National Education Policy (NEP-2020) is a challenging task and hence requires the involvement of all the stakeholders. The spirit and intent of NEP-2020 document needs to be studied carefully by everyone, understood by everyone and implemented by everyone at each level of educational hierarchy with the feeling of commitment and ownership so that the national vision laid down in the policy document could be translated into reality in a time bound manner.

Since the higher educational institutions (college) have been opened from 8<sup>th</sup> February, therefore head of the institutions are advised to discuss the policy documents amongst all the stakeholders and valuable ideas and suggestions for effective implementation of NEP-2020 may also be submitted to the Directorate of Higher Education, webinars/seminars/workshops etc. by taking all necessary precautions and following necessary SOPs may also be organised.

In order to create congenial academic environment for better functioning of the institution, to achieve the best, motivated and capable faculty in higher educational institutions and also to equip the educational institutions with basic infrastructure and facilities including clean drinking water, clean working toilets, black boards, offices, teaching supplies, libraries, labs and pleasant classroom spaces and campuses, you are advised to include the action plan regarding this in the Institutional Development Plan and also to initiate the process to act as per plan so that educational institutions are equipped with the basic infrastructure and facilities. Plan also should be made to ensure that every class room shall have access to the latest educational technology that enables better learning experience. Basic facilities required for empowering, energising, motivating the college teachers/faculty for efficient working and better output should also be included in the plan.

This should be treated as urgent and action taken report be submitted within 10 days.
